DETAILED ACTION

Claims 1-4 and 8-18 are under consideration in this application.

Election/Restrictions

The restriction requirement is deemed sound and proper and is hereby made FINAL.

Applicants are reminded of propriety of process of use claims in consideration of the “reach-through” format, which is drawn to mechanistic, receptor binding or enzymatic functionality. Reach through claims are considered lacking of descriptive and enabling support from the specification.

Again, claim 4 has been examined to the extent readable on the treatment of glaucoma, exclusively.

The rejections under 35 U.S.C. 112 are hereby withdrawn in view of applicants’ amendments to the claims.

Allowable Subject Matter

Claims 1-3 and 8-18 are allowed.

Claim 4 is objected to as containing non-elected subject matter. The objection may be overcome by limiting claim 4 would be allowable if limited to the treatment of glaucoma. A claim so limited would appear allowable.
